

10th March 2010

CYCLE LEAFLET/WEB UPDATE

This is progressing, although regrettably slower than planned.

Attached is the proof of the cover of the leaflet and of the web pages.
It is intended that web pages will be linked in to the new Town website.

Weather (and admittedly some time) has been a delay factor in checking the routes together with trying to arrange suitable mapping.

I understand WA is to hold funds beyond end of March and I would like to take advantage of this.

Otherwise no underspend on budget is expected.

John

Cycling Around Whitchurch

Website Pages and
6pp leaflets

Whitchurch

WHITCHURCH, a small historic Hampshire town, nestling in the upper reaches of the valley of the River Test and on the edge of the North Hampshire Downs Area of Natural Beauty, is an ideal centre for exploring by cycle.

The variety of routes is almost endless, from following flat tranquil river valleys with crystal clear babbling streams to the undulating slopes of Watership Down with its fantastic views over the countryside. Within just a few miles there are a wealth of villages and attractive landscapes to explore at leisure, while within easy reach are larger towns and cities such as Winchester with its Cathedral, Colleges, and shopping streets.

Whitchurch is a community with a unique history, shops, pubs and historic attractions. It makes a superb centre for a cycle ride for families, groups and individuals.

Cycling

CYCLING - one of the most relaxing pastimes, for all ages and abilities from complete beginner to endurance rider. Free from the pressure of everyday life, it is sociable, healthy, stress free, and kind to both you and the environment. With the wheels spinning beneath you it is possible to escape all the pressures of today's hectic lifestyles and return home with the warm glow of a pleasant day awheel.

There are few better places to visit than Whitchurch, but did you know...

Whitchurch received its Charter in 1247.
Don't anyone dare call it a village. It is a Town, and proud of it!

"Cyclists are always well balanced."

Route Index from easy to challenging

Cycle Whitchurch

Exploring the tranquility of North Hampshire

[Cycle Whitchurch] [Around & About] [Routes] [The Town] [Links]

Route One

DISTANCE: 12 miles (19 km)
An easy undulating route with no real hills. Roads are quiet and mainly follow river valleys. There are plenty of pub refreshment stops and a number of small shops. [Details]

Route Two

DISTANCE: 20 miles (32 km)
[Details]

Route Three

DISTANCE: 20 miles (32 km)
[Details]

Route Four

DISTANCE: 35 miles (56 km)
[Details]

There are few better places to visit than Whitchurch, but did you know...

The spire of All Hallows weighs 500 tons and is only held in place by its own weight!
Don't sneeze as you pass!

"The bicycle should always be the vehicle of choice and not the other way round."

Orlando
